A phase-gate process (also referred to as a stage-gate process or waterfall process), is a project management technique in which an initiative or project (e.g., new product development, software development, process improvement, business change) is divided into distinct stages or phases, separated by decision points (known as gates).. At each gate, continuation is decided by (typically) a ...

Phase 10 is a card game created in 1982 by Kenneth Johnson and sold by Mattel, which purchased the rights from Fundex Games in 2010. Phase 10 is based on a variant of rummy known as Liverpool rummy, and is a member of the contract rummy family. It requires a special deck or two regular decks of cards; it can be played by two to six people. The game is named after ten phases (or melds) that a ...
