Pragmatism is a philosophical tradition that began in the United States around 1870. Its origins are often attributed to the philosophers William James, John Dewey, and Charles Sanders Peirce. Peirce later described it in his pragmatic maxim: "Consider the practical effects of the objects of your conception. Then, your conception of those effects is the whole of your conception of the object."

Here is the reason those "standard techniques" DON'T work for the vast majority of people: You don't truly believe in what you are affirming or visualizing! You can spend hours per day saying affirmations, but if you don't believe in what you are saying, your subconscious mind will never regard those affirmations as true.. Attempting to lie to yourself by repeating affirmations that you don't ...
